Subject: Rustenburg Toyota Project

Hi Gustav,

I hereby wish to thank you and your professional team for the outstanding work performed by you all in terms of the Rustenburg Toyota project.

I wish that all projects would run like this one and way within budget. This is a dream come true.

Then it is also fair to compliment Belo & Kies with the quality and time frame in which they are completing this project. They have all the reason in the world to be late due to time lost because of rain at the time when the project kicked off. Lots of time spent after hours and over weekends made the guy's catch up and actually got them ahead of schedule.

I have to praise Belo & Kies for their commitment.

Congratulations to you and your team. We will certainly make use of you again for future projects.

Kind Regards

Johann Snyman

Sunnypark Shopping Centre (Pretoria)

Citation: The refurbishment of the Sunnypark Centre in Sunnyside, Pretoria has successfully secured the position of this long established centre at the heart of the community it serves. A complete transformation of internal finishes gives an overall feel that is new, fresh, clean and spacious. The introduction of restaurants adjacent to the main mall entrance has activated the pavement aspect of the centre. The zoning of the new public realm reinforces the project as a destination and place in the community. The tenant mix has been successfully reorganised and rejuvenated to focus on the balcony retail levels and is delivering a upmarket commercial spirit.
